

# Internal Prospective Player Approach Guidance

If a coach is interested in recruiting a player to their team who is at another PAYFC Team, please use the notes below to guide you.

- In the first instance the coach should approach the coach of the prospective players' team to discuss the matter.
- If the matter is within one of the non-competitive age groups, then the head coach of the age group should be involved in the initial discussion between coaches.
- The coach should not approach the prospective players parent/carer before they have discussed the matter with the players' coach.
- Under no circumstances should a coach approach or contact the prospective player at anytime, contact is always conducted through the parent/carer and or coach.
- We must ensure that any movement of players does not result in a team folding so please consider implications to the club overall.

If you are unsure of what to do and feel that the above does not apply to your situation, please contact [welfare@payfc.co.uk](mailto:welfare@payfc.co.uk) in the first instance.
